

Ibiza Music Cluster - the details

Posted by: admin in ibiza music cluster

Update 27/05/10 - Were at the IMS 2010 Ibiza Music Cluster presentation and they have just launched their new website - www.ibizamusiccluster.org As the consell had delivered their presentation at the International Music Summit in Catalan we're relieved to now get the information in English.

Project

IBIZA MUSIC ISLAND

Strategy for the Positioning of the Island of Ibiza as the greatest international location for the Musical Innovation Industry

What is IBIZA MUSIC ISLAND?

Why IBIZA MUSIC ISLAND?

What do we want from IBIZA MUSIC ISLAND?

How IBIZA MUSIC ISLAND?

When IBIZA MUSIC ISLAND?

What is IBIZA MUSIC ISLAND?

A Shared Strategy between both private and public sectors for the complete and integrated competitive repositioning of Ibiza as the World Capital of Musical Innovation.

Why IBIZA MUSIC ISLAND ?

How should we react to the current economic crisis?

to "Change" or to "Innovate"?

If "change" is to substitute one thing for another,

How can Ibiza "change" its model of Tourism?

By "Changing" its productive structure?!!

“Change” those that have no remedy

“Innovate” those that are above the average

“Innovate” those that have the ability and capacity to

reprogramme and reorientate their future activities

“Innovate” those that promote activities oriented towards

the generation of added value using unique, exclusive and

diferentiated resources and services

IBIZA MUSIC ISLAND

The island accepts the challenge of reinventing itself and innovate through a new approach. A new fundamental start, not only in the models of our proven experience and expertise in tourism but also by the management of the business of leisure and the creation of music that Ibiza has already demonstrated.

Modern Music as a Cultural Phenomenon has positioned Ibiza Internationally Ibiza is an international reference for musical trends and leading edge companies at an international level. We want to innovate and create more “added value” to what we already are: the World Capital of Modern Music.

What do we want from IBIZA MUSIC ISLAND?

1. To mobilise business already established in Ibiza
2. To attract leading companies which are to arrive in Ibiza
3. To create synergies between the existing and the upcoming actors

* Increased profitability in the hotel and hospitality sector by increasing the number of visitors

* Increase of the expenses in businesses due to a greater adquisitive power of the new visitors

* Settle TALENT (teachers, researchers, professionals) on the Island: a creative community present throughout the year.

* To orientate the benefits generated by the Brand towards external companies not present in the Cluster.

* Maximise the commercial interaction between the companies forming the Cluster.

* Develop products and services from the cluster generating Added Value for the constant repositioning of the branding.

How IBIZA MUSIC ISLAND?

Not just from the Public Administrations

Not just from a group of specific businesses or sectors

Not from an academic or theoretical approach

But YES, between all the responsible public bodies

& private interests, working together to cooperate,

collaborate and locally compete in a global market.

IBIZA MUSIC CLUSTER

How IBIZA MUSIC ISLAND?

Who makes up IBIZA MUSIC CLUSTER?
